30 October 2014

Dear Sirs

## **VODAPHONE RURAL OPEN SURE SIGNAL APPLICATION – POSTBRIDGE AND BELLEVER**

Postbridge and Bellever are two hamlets in Dartmoor Forest Parish about 1 mile apart, both sited in valleys around historically important bridges across the East Dart River. The combined electoral role for both hamlets is 111 but the area is a very popular tourist destination.

Postbridge has the advantage of being on one of the main routes across Dartmoor. The Dartmoor National Park Visitors Centre at Postbridge has recorded visitor numbers averaging 52,000 per year. It is estimated significantly more tourists visit the famous Postbridge Clapper Bridge without going into the Visitors Centre.

Bellever, which is on a side road, has a Youth Hostel and a large Forestry Commission car park in Bellever Forest next to Bellever Bridge and the now ruined Clapper Bridge. There are forest trails and a concentration of Neolithic and Bronze Age archaeological monuments. No records are kept but it is estimated visitor numbers are around 20,000-30,000 each year.

The properties in Bellever are reasonably clustered within about ¼ mile. Postbridge straggles along about 1 mile of main road with additional properties along side roads and a scattering of farms. The area has numerous businesses centred on the tourist trade: two hotels, one inn, one Post Office Store, a Youth Hostel, B&Bs and small farm based campsites. Beyond this, the local economy is mainly livestock farming with a small number of self-employed businesses and commuters. There is a strong community spirit focussed around the Post Office Stores and Postbridge Village Hall, which is the venue for numerous events through the year including an annual pantomime.

Neither hamlet receives a mobile phone signal from any supplier, although some properties on higher ground can get an occasional, intermittent signal, but this is unreliable. Many businesses are dependent on broadband and feel disadvantaged by the lack of mobile signal. Some have already installed Vodaphone Sure Signal. Tourists similarly feel frustrated with the lack of mobile cover and the BT Telephone Kiosk in Postbridge is the most frequently used kiosk in the Parish.

Community support for this initiative is strong. The owners of 29 properties have volunteered to join the Vodaphone Rural Open Sure Signal programme and the Parish Council is confident of gathering more if these properties are not in the optimal position for providing a comprehensive 3G coverage.

Overall Dartmoor Forest Parish Council believes Postbridge and Bellever to be ideally suited to the Vodaphone Rural Open Sure Signal programme. These are picturesque hamlets, popular with tourists and would easily contribute to an excellent publicity campaign.

Yours sincerely

### Declaration

I confirm that all information in this application is accurate to the best of my knowledge and accept responsibilities of acting as Village Champion for my community. I have also read and accept the terms and conditions.

### Signed:

**Print name:** Nigel Tigwell, Parish Clerk to Dartmoor Forest Parish Council

**Date:** 30 October 2014

### Send your application to:

Rural Open Sure Signal programme, Media Relations, Vodafone House, The Connection, Newbury, Berkshire, RG14 2FN.

### What's next?

We'll assess your application for Open Sure Signal, and will announce the successful communities in October 2014. Once communities have been told they are successful we'll start surveying, in preparation to install Open Sure Signal units.

Thank you for taking the time to complete this questionnaire.

Kind regards,

Fergal Kelly, CTO, Vodafone UK
