### **statement of reasons**

To improve road safety for all road users, it is proposed to introduce lengths of no waiting at any time restrictions at various locations in Princetown. The aim is to prevent obstructive and hazardous parking. It is also proposed to introduce a length of short term parking in Tavistock Road to ensure there is a turnover of parking outside the shops.

In addition, it is proposed to update descriptions to ensure measurement and road names in the traffic order correspond with existing names and on-street road markings.

If made, the order will preserve and improve the amenities of the area which the roads run.
