# Volunteering Taster Day

at East Dartmoor National Nature Reserve

Saturday 1st November 2014

10:00am - 3:00pm

If you've ever thought you'd like to share some of your skills or passion for Dartmoor then this day is for you.

Come along and be inspired by the volunteers who play a huge role in caring for Dartmoor. Volunteers offer a whole range of skills and interests and take part in a wide variety of projects including recording wildlife, surveying archaeology and doing practical management.

Drop in throughout the day to meet other volunteers and find out what volunteering is all about and how you could make a difference.
